

REVIEW OF PASTOR AND FAMILY RETREAT

Sister, I gladly share what the Pastor's retreat meant for my family and for me in a particular way. Below I describe our experience.

God used the themes to strengthen our marriage and remind us of important principles of Scripture so that every relationship between spouses works and lasts for life.

As brothers in the faith we were able to worship our God corporately and enjoy good Christian communion.

The different families shared a narrow space and we got to know each other better. We prayed for our needs and longings for each other.

We take the opportunity to rest and relax from the rigor of daily activities. The ministry by its many facets exhaust and demand

many capacities of those who serve in it. Taking a time to rest is timely and much appreciated, especially by the family of the one in the ministry.

We thank God for this time and for the brothers who planned it and worked to make it a fact.

Brotherly embraces

God bless you and reward your love for us!

Hebrews 6:10

Pastor Yanel

The retreat was SPECTACULAR!!!! A time to rest and talk among family members who experience the speed and hustle and bustle of the ministries where we serve. I enjoyed, I rested and I had fun, as well as the children and Seryesky.

Dear sister, I would like it to be repeated!!! If God provides, I am clear of that. Thank you for your hearts willing to make us feel happy. What you do in our lives and families is very good.

We love you.

Seryesky, Kenya, and the gospels.

First of all we thank God for all the team that supports us always, for the way they minister to us through their spiritual gifts, as for the Retreat it was a time of enrichment both for marriage and for the family, We were able to fraternize among the pastoral families, and each of the times were special and enriching, our family was greatly grateful to God for the time we were able to share.

An enriching experience.

Thanks

A big hug.

Raimon, Kenia, Sheila

Spiritually it was simply wonderful. Sharing time with other brothers and their families was uplifting. The same for the topics discussed about home and family very appropriate. To spend quality time with our children in a place of retreat, in the same way very profitable; because it is something that we usually do not have, or rather we cannot do it properly for different reasons. In the physical-material plane it was a treat for our family, because going out together to take a break from the daily routine is like medicine for our body and mind. We enjoy every moment, and at the end of all activity we feel it was worth leaving the comforts of home, take a break and enjoy the brotherly love between brothers, whom we usually see and with whom we share very little time. Even the beauty of the place and the tranquility

that we could experience did us a lot of good. It only remains to thank you for the idea of retreat. I know they did their best to make it work and I think everything was good. I believe and I am an advocate for the repetition of the oration again, in fact we pray that it be so. By this way I thank on behalf of myself and my family all those who collaborated to make this activity possible. It was an unforgettable experience.

Our best wish for all of you. God bless you. Greetings from Cuba.
Pastor Efren and family

For us the retreat was wonderful for several reasons. It was a time of rest with the family, away from home and daily responsibilities. In this country it is very difficult to achieve that, especially to us shepherds. We were also able to share with beloved brothers and sisters that we almost never see and receive a fresh word, being us the listeners and not the exhibitors. It also served as a walk for our daughter, because here we do not have many options to take her for a walk and she had a lot of fun. It was like charging the batteries.

A big hug for you and that God continues using you all.

Pastor Shandry

My sister in Christ and great friend, if I did not write to you before, it is because I cannot find words to express my gratitude; to God be glory and power. I am so grateful to God and to you all for this beautiful and refreshing retreat. It was a retreat full of experience of the Lord, and refreshment for our soul is true that we needed it and also for our family because here we have no possibility and conditions to go two or three days to a hotel, thanks to God and to you for providing us with such beautiful, beautiful days.

To my mind comes this beautiful Psalm 133

"Look how good and delicious it is to be the brothers together and in harmony"

Jorge, Sadys, and David and Isabella
